Lucas Ferreira

Senior Software Engineer, Front End

Highly engaged and proactive Software Developer with a strong focus on Frontend development, I have 5+ years of experience creating detailed-oriented, scalable, and accessible user interfaces for millions of users worldwide. I am a UX enthusiast and deeply passionate about my craft, with a strong dedication to helping people through technology and direct mentorship.

Experience

Shopify

Senior Front End Developer

July 2020 – Present   Remote, Brazil

- Leading the Shopify Logistics Front End Foundations team to improve front end standards and UX across the organization
- Technical responsibilities include collaborating with the UX, data, product, support and other teams
- Taking on management responsibilities, including technical and career mentorship of direct reports
- Establishing a positive team culture through team rituals and activities
- Representing the team in leadership meetings and playing a role in onboarding new team members. Acting as hiring manager and interviewer for intern and full-time roles.

Front End Developer

January 2019 – June 2020   Ottawa, Canada

- Collaborating with developers and UX designers to create user interfaces for millions of merchants
- Proficient in technologies including React, GraphQL, Apollo, and Typescript, with experience in back-end development using Ruby on Rails
- Mentored other developers in front-end development, improving own skills and ensuring delivery of high-quality front-end code

Front End Developer Intern

June 2018 – December 2018   Ottawa, Canada

- Worked with a variety of technologies and languages, including CoffeeScript, ERB, React, TypeScript, and Apollo.
- First time working abroad and leaving hometown, providing opportunity for personal growth
- Through mentorship and hard work, developed skills and learned new ones during internship
